A Specialist School in Science and Mathematics

September 2010

Dear Parents/Carers

Examination Results Summer 2010

As most of you will know, our students and the School celebrated another very successful year of exam results. The continued support of parents and staff is invaluable in helping the students achieve such excellent grades.

I am pleased to now be able to update you with information regarding this summer's exam results.

A-LEVEL

At A-level, there was a 99.6% pass rate and 80.8% of all grades at A*/ A/ B, with 17.8% at the new A* grade. 9 students achieved the required grades to take up places at Oxbridge (3 at Oxford and 6 at Cambridge). Most students have gained places at their chosen universities.

A/S LEVEL

A/S performance was in line with last year, with 66% of grades being A or B but this is regarded as work in progress and a good foundation for the full A-level next year.

GCSE

GCSE results were also pleasing, with 100% of students gaining 5A*-C, including English and Maths. This is the fourth consecutive year this statistic has been achieved. 76.9% of all grades were at A/A*.

YEAR 10 MODULES

Year 10 module results also gave many positive indicators of future performance
