

Our priorities

2018/19

This helpful summary for parents and students sets out The Blue Coat School's improvement priorities for 2018/19.

Leaders will work towards even more ambitious aspirations so that:

- teams of teachers and support staff are even better equipped to **review, evaluate and improve** the academic, personal and social provision we offer to students
- all teams throughout the school will work in partnership with each other and with other organisations to **continually improve the experience of students and parents**

We will further improve to the school's estate, facilities and resources so that:

- students learning and development is supported by the **highest quality accomodation**
- students learning and parental communication is supported by **first class ICT provision**
- the students experience is strengthened by **targetted and focussed staff development**

We will develop and strengthen pastoral frameworks, systems and practices so that:

- daily form time provides **even better opportunities for student self-reflection and coaching**
- students **attendance and behaviour reach our highest standards ever**
- students **personal development and welfare needs are even better supported**

We will strengthen teaching, learning and asesment across the school so that:

- students have the **most accurate picture possible of their learning and development**
- learning is **even more closely focussed on supporting and challenging** individual students
- students **personal development, literacy and numeracy** are supported more in daily learning
