- 15 subjects achieved at least 1 in every 2 grades at '9 or 8'
- 3 in every 4 grades in PE, History and Chemistry were at grade '9 or 8'

“This year’s impressive results are testament to the hard work and dedication of our students and staff and I would like to congratulate our students for all their outstanding achievements. When you are celebrating results like this it is easy to forget the disruption these students have faced because of the pandemic, but they have persevered and given their all. They are an incredible group of young people, and we are immensely proud of them”

Scilla Yates, Headteacher
