September 2026

Dear Parents and Carers,

Enrichment at Blue Coat – Belonging, Flourishing and Preparing for the Future

At Blue Coat, we believe an exceptional education extends beyond examination results. Academic success matters enormously, but so do the experiences that help young people become confident, resilient, curious and ambitious.

Our new **Enrichment Experience brochure** showcases the wide range of opportunities available to students. Enrichment is not an optional extra at Blue Coat; it is an important part of what makes belonging to our school special. The Enrichment Experience booklet can be found on the website [here](#).

Throughout their time with us, students can discover new interests, develop talents, build friendships, represent their School and House, take on leadership roles and explore future pathways. Opportunities include sport, music and creative activities, competitions, trips and exchanges, leadership and community service, university and careers experiences, and talks from academics, professionals and former Blue Coat students.

These experiences build confidence, independence, teamwork, resilience and aspiration. They also create some of the memories students value most from their time at school.

Supporting the Blue Coat Enrichment Experience

Providing an enrichment programme of this breadth and quality is becoming increasingly expensive, with rising costs for transport, venues, equipment, specialist support and educational visits.

We are determined that these pressures should not reduce either the quality of our provision or students' ability to participate. We are therefore inviting families who are able to do so to make a **voluntary contribution of £30** towards the Blue Coat Enrichment Experience.

No student will ever be excluded from enrichment because of financial circumstances. Collectively, however, these contributions will help us maintain and expand the opportunities available to all our students.

Each £30 contribution will also provide entry into our monthly £50 prize draw.

The option to make a voluntary contribution of £30 can be found in your **ParentMail.pmx** account and is available now.

We also ask for your support in encouraging your child to take part in at least one enrichment activity during each term, participate in House competitions and become involved in wider school life.

Our ambition is that every student leaves Blue Coat not only with excellent qualifications, but with the confidence, character and experiences needed to flourish in the future.

Thank you for your continued support. We hope you enjoy reading the brochure and seeing the range of experiences available to our students.

Yours sincerely,

Mr K Sexton
