2 March 2018

Dear Parent

As I am sure you are aware our school is strongly committed to celebrating the achievements of our students both within and outside of the classroom. It would help us a lot if we knew about your son's/daughter's out of school activities/achievements since the start of this academic year 2017/2018.

This would enable us to share their successes within the school community and also to speak with them about the skills and qualities that they have developed. We are currently piloting a new system of collecting this information via the school website. We would be grateful if you could send us the following information:-

The type of achievement and which achievement category it falls under. The achievement categories are as follows:-

Leadership	The activity has enabled them to develop their leadership qualities e.g. Captain of a Sunday league football team
Sustained Participation	Participation in a club or society on a regular basis
Work Skills	The activity has enabled them to develop skills valued by employers e.g. problem solving, communication
Service	A particular service to the community or to a family member e.g. St John's Ambulance, helping out at a charity shop
Performance	A one off performance e.g. grade 2 piano, appearing in a theatre production

I would stress that this information is entirely voluntary. It is requested only in the interests of supporting your son/daughter in recognising his/her talents and strengthening our school community. You can submit this information before Friday 23rd March 2018 by going to the student out of school achievements section at the address [here](#).

Yours faithfully

N D Barends

Mr N D Barends
Assistant Headteacher Progress and Achievement
