Dear Parent

Re: Our priorities 2018-19

As we look ahead to the new school year, my colleagues and I are looking forward to continuing our efforts to provide the very best experience we can for your children. While we are deservedly proud of the many ways that we serve the students outstandingly well, we are equally proud of The Blue Coat culture of learning that challenges us to stretch ourselves to be the very best we can be.

We have a wide variety of systems behind the scenes that help us identify what we do well and what we can improve further. This includes listening to yours and your children's views about the experiences we provide. The feedback we receive helps us shape what we want to focus on as we look ahead. You can read a summary of this feedback on our [website](#).

Continuing our desire to engage with you as much as possible, I am pleased to share a student and parent friendly summary of our [school improvement priorities](#). This simple summary has been prepared to provide you and your child with a helpful overview of what all of us at Blue Coat challenge ourselves to achieve in the coming year. In the next 12 months we will take opportunities to capture yours and your children's views about how much progress we are making towards these goals.

Thank you in advance of your support and productive engagement.

Yours sincerely

Mr M A Pennington
