July 2020

Dear Parents

Welcome to the Blue Coat School.

We are very disappointed not to be able to provide a full Open Evening this year. We would have usually had the opportunity to open our doors to parents and students from younger years to tour the school and visit teams and departments around the school.

However, in place of the opportunity for you to visit the school yourselves, we have put together an information pack and a short video about the school. We hope that both the pack and our video will give you a good insight into the broad aspects of Blue Coat and encourage you to apply to sit our Entrance Test in the Autumn.

The video includes clips from some key members of staff and some of our students and gives you a snapshot of some of the facilities and learning areas here at Blue Coat.

It is very important too that you read the information pack carefully as it outlines the application process with some key dates and times.

The Blue Coat School is a mixed selective academy for students aged 11-18. It was founded in 1708 and while rich in tradition, it is forward thinking in ideas, education and facilities. The curriculum is a rich fusion of academic challenge and many other opportunities beyond the classroom which make The Blue Coat School such an exciting, enriching and rewarding place where students thrive.

Once you have seen the video and read the information we hope that you are inspired to start the application process.

I would like to take this opportunity to send our best wishes to you and your families and hope that you are keeping safe and well.

With good wishes

Mrs S Yates
