

# Our priorities

# 2020/21

This summary for parents and students sets out The Blue Coat School's improvement priorities for 2020/21

Leaders at all levels will **support all teams** to provide outstanding provision by:

- reviewing and improving what we do to maximise the **well-being and welfare of staff**
- working closely with staff to develop **new and innovative approaches to reduce workload**
- **building professional** partnerships with other schools and institutions/practices across all teams

Leaders will ensure the **best possible education and development of students** by:

- introducing new opportunities for **staff development**
- further improving the **use of the School's buildings, spaces and resources**
- further extending the **ICT and remote learning provision** that students benefit from

**Students' personal development, behaviour & attitudes** will be better supported by:

- continued improvements to students **form time experience**
- even better coordinated provision to improve **individualised pastoral support**
- new developments and improvements to **careers information, advice and guidance**

**Students' learning** will be strengthened further by:

- supporting teachers to **review, innovate and improve** their approaches to teaching
- working with teachers to refine and **develop blended learning provision**
- supporting teachers and students to make even **more use of assessment information**
